Use Storyline 360 to develop custom, interactive courses that work on all devices—without any manual adjustment. It's powerful enough for experts, but easy for beginners to create virtually any interaction imaginable. Choose Rise 360 to build fully responsive courses in minutes. Just a web browser quickly create beautiful courses optimized for each screen size. Learn more about the 360 storyline Learn more about Rise 360 I'm trying to publish a story for my students in my classroom, but when I open the story published on the web, it just opens a story called blank docx. Can you publish with a free trial? New discussion Let students manipulate data and slide content with dial interactions. Customize pre-built dials or create your own from any object or chart. HTML5 output looks better, works faster and supports more features than ever before. The responsive reader dynamically adapts to tablet and smartphone screens, providing an optimal view of your course across all devices. You can now import a subtitle file for each audio and video track in your course. Then style captions using any font you want. Easily build game-like interactions with new triggers and motion path features. An important accessibility feature, tables communicate to screen readers how content is organized and provide context to students. Article Last Update Create interactive courses for any device with Articulate Storyline 3. See these FAQs for answers to common questions. What is Plot 3? Storyline 3 is the latest perpetual version of the award-winning Storyline. Storyline is the industry's favorite software for creating personalized, interactive courses. It's quite simple for beginners, but enough for experts. And it lets you create virtually any interaction you can imagine for every device imaginable in minutes. With the new perpetual version of Storyline, you'll be able to offer more mobile and affordable courses with enhanced interactivity faster. How does Storyline 3 like off with older versions of Storyline? If you are looking to move from an older version of Storyline to 3, the things you'll want to check out are: Check out this plot 1, 2 and 3 comparison for more details. How does Storyline 3 compared to Plot 360? Plot 360 is part of the Articulate 360, which has everything you need for the entire course authoring process. An annual subscription service, it will provide continuous feature updates for Storyline (as opposed to Plot 3). Articulate 360 includes the latest version of Storyline, our new web-based responsive authoring tool called Rise 360, and all of our other authoring tools. It also includes more than 7 million course assets such as stock templates and photos, an easy-to-use project review app, and live online training with industry experts. Check out this table to see how Plot 3 compared to Plot 1, Plot 2, and Plot 360. You can try Storyline 360 by signing up for a free Trial of Articulate 360. Is there a free trial period for Plot 3? Yes, there is a 30-day free trial with no credit card required. Plot 3 is fully functional during the free trial period. Sign up here to get started. How much does Storyline 3 cost? Plot 3 is \$1,398 per license for new customers or \$699 per license for existing customers, upgrading from an earlier version of Storyline. Existing customers with non-repredone upgrades to the Platinum Subscription Plan can upgrade to Plot 3 for free. See if you qualify. How do I upgrade to Plot 3? You can buy upgrades to Plot 3 here. Existing customers with non-repredone upgrades to the Platinum Subscription Plan can upgrade to Plot 3 for free. See if you qualify. I used my Platinum Membership Plan for a loyalty discount on the Articulate 360. Can I still use it for a free upgrade to Plot 3? A Platinum Membership Plan can be used for a loyalty discount on an Articulate 360 subscription or a free upgrade to Plot 3, but not both. The good news is that you can still upgrade your License from Plot 1 or Plot 2 to Plot 3 with a \$699 discount. Are platinum subscription plans available for Plot 3? We no longer sell platinum membership plans. For ongoing feature updates, check out Articulate 360, our annual subscription service that includes the latest version of Storyline, more than 7 million course assets such as stock templates and photos, an easy-to-use project review app, and more. Can I upgrade from Studio to Plot 3? Storyline and Studio are distinct products, so there is a discounted upgrade path between the two. However, you can import content from Studio into Storyline 3, protecting your previous investment in Studio. Does Plot 3 come with the Articulate Replay? No. To access Replay other screencasting tools, check out Articulate 360, our annual subscription service that includes the latest versions of Storyline, Replay, and more.
